OUR COMPANY'S NEW OFFICES OVERSEAS

Last October, Company We consolidated the opening of its overseas branch, which will report directly to We-Project Jamaica Limited and its current director Israel Carmet.

The new company's offices in Panama, located in Tower of the Americas (known as the city's shopping area), are a great support to the internationalization process proposed by We-Project Company's CEO for this year. The new branch in Jamaica helped to Company We to start in the Caribbean market, but with the new opening, Company We wants to market in the Central and South American countries

including Colombia, Uruguay, Chile, Ecuador, Peru, among others.

WE-EQUIP & WE-DESIGN JOIN FORCES

Another expansion project of "Grupo El Fuerte" is called "Fuerte Destinos Vacation Club".

We-Equip & We-Design have been involved in making this product real and successful. Lenore Mc Carron, Director of Fuerte Destinos declared that the "trial or pilot design" is one of the most valued aspects by the clients.

The Vacation Club project began in mid-2009, but the first "trial facility" took place with the opening of Fuerte Estepona in 2010, expanding horizons to Rompido, Huelva and with very favorable prospects for this 2011.
